OFFICE -In the new Post Office Building Merchant Street, Honolulu, H. I.

Teneriffe.

There is an tele which I have seen. Whose slopes and value are ladelons green Whose flowers are everyone in bloom, The follows of the Rappy lebes There the dark cypron rears in spires Against the sunset's tropic firs; There the pain, lifts its brunge-like thath line righting when the rea winds well The expriste's wag of here Where black-eyed Spanish maides And tome call for fireful days. And so the passing wanderer gate With glances patriorets and kven, Yet full of tenderness, I ween.

The brand banks upon the walls On which the yellow emilight falls, for whose the purple-limited wines And do'k the gray, unfutiled tower Up through the ettly twilight weers, For a lost race long passed away-A postural race whose bones some laid The treatic marmure will and low

By pathways where the occur laves The islemen in procession wend, Or over craggy mountains head, oce about the Virgin's shrin While muldeux form be merry line And bail the shimmering evening sta-With tinkling of the gay guitar. O'er lovely Orczava steals; From slope to slope the music swells, Till Realigid's effectly bolls.

The Dragos-tree, whose creat aphones

he burden of four thousand years.

miling some the mountain della, And all the fragment evening air. Repeats the moledy of prayer-Around the fale soleanic capes, And roldy rocks, grotospe and weird, Like giants of the deep are reared; And age to age for executors,

Upon the lava-laden shore. Enthroped the precipiess grand, Serve above that summer hand. Gray Teasriffe in solitude ands the ocean's mighty flood, And his fire-riven breast cushrouds With the majestic peup of clouds, While from the crater peak or high Outlierd stupendous in the sky Pair wrenthes of amoke perpetual : Like daily smake of sacrable Office, to the immortals in the skles. But when the sun draws near the verge Of the recoding westering street, Like shadow of storodty.

Impulpable mysterious, vast, The shades of the frest is cost, A purple mist against the arch Through which the constellation Until night's curtains are sufuried,

Variety.

"Which do you prefer, a girl or a woman?" "That depends. I like a girl before she gets womanish, and a woman before the becomes girlish." It is feelisheess for a man to try to make game of a boarding-house chicken by looking at it, under the impression that a steady gate of the human eye will make any acidial quali-

A dilapidated tramp was heard recently inveighing tack upon Turkey, against people who do not clean of their sidewalks, "I expect every minute," he said, " to fall Lows and break my watch." The Femina trovement has broken out again. A

Philadelphia perfumer has just put upon the market a new kind of pomade, which is said to be the strongest head scenter that has yet been brought out. A servant who plamed berself upon being employed in a geoleel family was asked the definition of the

term. " Where they have two or three kinds of wine and the continuen awear," was the reply. Rome Section : A father on Thomas street, when he wants to correct his son, bends him over a Saratoga trunk and starts him up in the world with a snow-shovel. It seems to cover the whole ground

"They must have a very feeble constitution is Congress," said Mrs. Partington, " if they haven't got power enough among'em to count a few rotes. Why, Isaac would do it in five minutes by simple " My son," said Mr. X. kindly to his youthful

hair," accustom yourself to be polite to the porter, the servant girl, the coachman, to all the servants; thus you will come in time to be courteous to all people, even to your parents."

Discussing a young lady who is nice but naughty : " And yet he is so infatuated with her that he openly declares the marriage will take place." " Impossible? She's far too sensible to marry a man who is such an ass as to be willing to be her husband."

"Is my breakfast ready?" said an impatient young man who was trying to get his morning setal at a beer saloon. "Don't know," said the waiter " I'll whistle up and see." "Heavens ! no ; don't do that. I ordered samuage, and if you whistle you'll have the whole park down." X. lights a eight, then to his valot, with a horri-

ble grimace: "Jean Saptiste, where is thunder did you get that eigar?" " In the blue porcelain box, "You illimitable idiot! How often have I told you that the eigers in the blue box are for my frientia!"-Paris paper. An American is telling of some of the mammoth

mass meeting of his country, at which sometimes one hundred thousand people are assembled. "What is possible with you people is not with us," says a Frenchman. "Ab, yes," says the American, "I understand ; your Government would notlet so many people assemble for fear of popular disorder. With you the Government is always the opposition, ch. "? The Cinnelnati Saturday Night relates the following : A young woman recently answered an advertisement for a dining-room girl, and the lady of the house seemed pleased with her. But before engaring her there were sumt questions to ask. "Suppose," said the lady -" now only suppose, understan that you were carrying a piece of steak from the hisehen, and by accident let it stip from the plate to the floor, what would you do in that case." The girl looked the lady straight in the face before asking, " Is it a private family, or are there boarders ?" "Boarders," answored the lady. "Pick it up and put it back on the plate," firmly replied the girl. She

was engaged. The bore of bores is the man who invists on walking with you in the street and retailing his private affairs at the top of his write, thus : "Yes, I said to him, I. 'You are a secundrel, do you hear! You have rubbed me, villain that you are ?" Naturally enough every our whom you most fancies that these words are applied to you, and from your supposed tame recention of the insults, you lose in public esti-The proper way is to enter with spirit into his affairs and say, still more loudly : "That was very good-very good; but if I had been in your place. I should have gone still further and said, 'You miserable whelp! how dare you address me thus? Get out of here? One word more, and I intro-The pascers see your face red with honest indiguaties; and are convinced of your courage.

VOL. XIII .-- No. 15.

LATE FOREIGN ITEMS. BUSINESS NOTICES.

There is a report to the effect that Grant will be given the mission to Eugland.

New York during the mouth of February. The Lord Mayor of London has just given a grand hanquet to the actors and actresses and playwrights of the English capital.

Mrs. Harriet Beecher Stowe, 'tie said, is as sprightly and full of eathurissm as a bright young Edwin Booth's eight weeks' season at San Fran-

cisco, just closed, is regarded as the most successful on record on the Pacific coast. The vices which conceal waste under pleasure, such

as alcohol and opium taking, are the most danger A private letter from Loudon says that Erra D.

Winslaw is living near the Strand and occasionally visits Bawles's American Exchange. Henry Kingsley, the novelist, left his widow des-

titute, and a fund for her relief is being raised in The King of Borneo is about to visit England, and

will in all probability honor America with his pres-Bismarck is much irritated against certain Depu

ties who indiscreetly disclosed his confidential, afterdinner remarks. A grandson of Sir Robert Pesl, of England, lives in Springfield, Ill., where he is an asistant in the

office of the Secretary of State. Every westward steamer from England bring a large amount of specie to America. The flow is per-

sistent and voluminous. "Daniel Deronda" is to be dramatized, and seve ral of our leading actors are negotiating for the right

The demand for eliver, from China, is constantly increasing. Heavy shipments of silver coin have been made from San Francisco for several mouths. A crystal violin is the latest conceit among the musical votaries in Paris. It is said the tones produced on it are of romarkable sweetness.

All the leading street railroads of New York are about to run double-decked ears for the accomodation of smokers. They have been used successfully for some time in Boston

The spire of the Rouen Cathelral is the most ele vated structure in the world, it reaches an altitude of 494 feet. Straeburg Cathedral comes next, with 464

Pittsburg's late coal king, W. H. Brown, who left an estate worth three and a quarter millions, began life for himself by digging coal at a cent and a half per bushel.

Joseph Smith, Jun., son of the founder of the Mormon Church, is preaching in California. He deales the headship of Brigham Young. He says that he has from 12,000 to 15,000 personal followers.

The liberality with which railroad directors carried Mr. Walter, of the London Times, to and fro over the States was a cause of great astonishment to him It was a courtesy entirely nuknown in England.

Prince Bismarck gave a grand paliamentary dinner in February. After the cloth was removed he chattered on the Eastern question. On alluding to the Russo-Turkish quarrel, the Prince expressed an opinion that war was strongly probable, and that Russia would commence the struggle by a direct at SHIPPING & COMMISSION MERCHANTS,

The Duke of Argyle and Marquis of Hartingdon accuse the Government of changing its policy. The Marquis of Hartingdon said that Earl Salisbury deentents conduites between England and Russia, and for having made Turkey understand her relation to

It is announced that the King of Italy, in acknowalgement of the merits of the members of the Armstrong firm as eminent artillerists and of his high satisfaction at the success of the 100-ton gun, has created Sir William Armstrong Grand Officer of the Order of St. Maurice and Linarus; Mr. George Readel and Captain Noble, Communders of the Crown of Italy; and Mr. Stuart Rendel, Officer of the Order of the Crown of Italy.

A Washington dispatch says that the Ohio Sepators; and Representatives have received copies of the resolution of the Cincinnati Chamber of Commerce heartily approving the bill appropriating \$50,000 for an expedition to the North Pole on the plan suggested by Captain Howgate, which complates the establishment of a colony at some accessible point in the Arctic. It is about time the United States should again represent this scientific martyrdom. Europe is

Owing to the advance of rinderpest in Europe, both Great Britain and Belgium have prohibited the importation into these countries of cattle, hay, blifes, heres, fat, hoofs and fresh mgats. In the case of Belgium the importation of sheep is also prohibited. The rinderpest is thus far prevalent in Germany, Bussia, Austria and Turkey, with a mild form of the same in both England and Belgium. Should the pestilence continue it will seriously injure the health of all Europe besides causing a vast destruction of stock. It will also have a strong peace tendency, and allay any apprehension of a general European war at least, until the disease shall have worked its

Recent advices report the death of Dr. W. H. NOTARY PUBLIC and COMMISSIONER of DEEDS, James, a former resident of San Francisco, on the island of Papus or New Guines, having been sacrificed and devotred by the carnibals inhabiting it. County Hospital from 1856 to 1858. He afterwards went to Nevada, and practiced his profession to Gold 23 Me Hill for several years. When the White Pine fever broke out he was among the thousands who flocked to that locality. Afterward be went to Nye county, from which he was elected to the Nevada Legislature. Two years ago he returned to this city, but finding no opportunity to practice his profession, be sailed for Australia. The melancholy news just received is the first information his friends have had about him since he left. The Doctor was attached to an exploring expedition, which was endeavoring to explore the island, and he, with a companion, became separated from it. They were then surrounded by savages and killed and esten.

A self-acting pneumatic, portable fire engine is one of the catest naturated inventions. The advantage claimed for this engine are that it can be carried early on the back and used therefrom, that no che micals are used, but pure water and compressed air while the corrasson constantly destructive to all che. mically-charged machines is avoided. The machine is of the usual shape of the extincteur, fitted at the back with an air pump, by a few stokes of which the engine is charged with sir, and subsequently with a considerable quantity of water. Within easy reach of the right hand is the hose, from which a jet of water is propelled by touching a handle with the left hand, the water being propelled at 100 pounds to the source inch. If the muchine is placed baside a tank of water and the charging hose placed therein, a conduce the toe of my boot to the tail of your coat !" stant stream of water can be poured upon any given object with great force. The machine was recently tested in London, and gave thorough satisfaction.
